## PIERRO GALLERY OF SOUTH ORANGE

**...like an  
Egyptian!**

**Art Exhibition Explores the  
Influence of Egyptian Culture  
on Artists Today**

Civilizations may come and go, but ancient Egyptian culture, one of the earliest and greatest, has left an indelible impression throughout world history. HaGar AbdelRahman and John Branigan, guest curators in association with the M.A. program in Museum Professions at Seton Hall University, explore the influence of ancient Egyptian themes in the work of sixteen local and regional artists. *"The show will be tremendous fun, a scavenger hunt for art lovers and the curious"* says Gallery Director, Sandy Martiny.
